5:30

The D300 Digital Dispenser.....a small instrument with big capabilities

Presented by: Judy Simone, Sales Engineer, Liquid Handling, Tecan

5:50

Enabling Ultra High-Throughput Mass Spectrometry With Acoustic Mist Injection

Presented by: Jaclyn Greimann, Ph.D., Field Applications Scientist, Labcyte, Inc.

6:10

Optimizing Automated Liquid Handling Protocols with the BRAND LHS Software

Presented by: Stephanie R. Franco, PhD, Technical Product Manager, BrandTech Scientific, Inc.

6:30

Green Button Go, Providing Novel Solutions to Automating Workflows

Presented by: Jeff Lusen, Field Application Specialist, Biosero

6:50

Accelerating Science; Automating Real-Time Workflows With The IntelliQube

Presented by: Dr. Erin Steer, Ph.D., Field Applications Scientist, LGC Genomics

7:10

Agilent Automation – AssayMap Bravo – Automated Sample Prep for Proteins and Peptides

Presented by: Kenda LJ Evans, PhD, Automation Product Specialist, Agilent Technologies.

7:30

Hidex Sense Multi-Mode Plate Reader

Presented by: Victor Tchiprout, Lablogic
